Piled Up?

"You sure look worried," said a friend one day.

"Man, I've got so many troubles that if anything happens to me today, it'll be at least two weeks before I can worry about it."

Just 3 Drinks

3 ounces of alcohol can turn a 3,000 lb. car into a misguided missile.

The guy with 3 drinks becomes 10 feet tall — but fits in a 6-foot box.

The trip from a mahogany bar to a granite slab can be made on 3 drinks.

Appomattox is a growing town.

Lions Club meets tonight.

COMMENTS ON SPORTS

By Pete Fritchie

Washington, D. C. - The first month of almost six months of Major League baseball has demonstrated self-evidence from state of affairs during the 1960 season.

In the National League, the San Francisco Gaints are a vastly improved team. They may fight for the pennant all the way to the end. Willie Mays is having a great year in the club is playing tight, winning baseball.

San Francisco has collapsed in recent years and may not hold up through the strech but this year they might be tough all the way. The Milwaukee Braves don't have the pitching. Warren Spahn holds up, but Burdette, Buhl and the others can't carry the team on the Spahn - less day.

The Pirates are tough again. They are the team to beat. They will be tough all the way. The Cardinals have been playing so so ball but not quite the brand they displayed in 1960. Los Angles is in the fight til the end.

So it looks like a many-splendored race in the National!

In the American, the surprise contender is Detroit, Bob Schafting has come up with a rookie pitcher and several rookie regulars and a fast hustling, hitting club. If the rookies don't flop.The Tigers could make trouble down to the wire. On the basis of their first month or so of play they must be rated contenders.

New York needs pitching. If the Yankees get it they will probably win the flag. That tells the New York story in a nutshell. Baltimore is a real threat. The Orioles have the pitching New York needs.
